1. On 14 April, two MIG fighters at White Cloud Airfield were found to be seriously damaged.<sup>1</sup> On 15 April the Air Force Command was ordered to check all fighters and discovered that several more of the 30 present had been seriously damaged also. The ensuing conflict between Soviet pilots and Chinese maintenance personnel terminated in the detention of 10 ground workers by order of the Air Force Command.
2. At White Cloud Airfield there are 15 fighters and 5 reconnaissance planes ready for instant use.

1. Comment. For a botage at T'angshan Airfield, see
